Your feedback

What are the things you appreciate and value about Shannon?

Environment – natural beauty, ranges, scenery, river, walks, good soil to grow in.
People – awesome, lovely, mostly caring people.
Businesses – locals operating locally to provide services and retail.
Organisations – churches, Kids' Club, youth group, Kaituhi, marae, school, early childhood, community groups etc supporting our community.
Location – rural yet close to Levin, Foxton, Palmerston North and Wellington.
Weather.

What is something that needs to be changed, could be improved or is missing from Shannon?

Please see attached.

What are the opportunities for Shannon?

Please see attached.

Anything else you would like to add?

Thank you for facilitating Shannon as this location for a community development Plan – feels like perfect timing.

Needs to be changed/ could be improved / is missing?

I personally agree with a lot from the Feedback from CLD Hui - Moemoeā / hopes / dreams for community: in December 2021 so have edited accordingly to my preferences

Iconic statue / photographic opportunity at Te Maire Park - to attract visitors – massive statue of harakeke in durable material
More essential retail in town – attract a chemist, more food options
Toilets at Te Maire Park (3) or on Plimmer Trc. Clearly signed.
Safe play equipment across the road from the shops – redevelopment of Te Maire Park critically considers a child friendly space that will attract visitors to stop at.
More parking spaces in town centre (x2), ready for Ō2NL
Highway truck stop / service centre – mini mall concept – like at Bulls
Renovation of main street shops – to a 'destination' identity. Beautify the centre.
Road bumps, preferable outside Four Square, and gutter needs a cover – trip hazard.
A reason to stop here and space to do it.

Dancing. Singing. Talent shows (x2). Parties. Community parties. Community dance. Variety music. Movie nights (x2). Housie.
Hall use – ideas needed for more regular use eg: movie nights, talent quests, quiz nights (x2).

'Bumping Spaces' - places in community where people can connect (cheaply or free)
Multifunctional community space/ hub (venue) with rooms of varying sizes suited to different purposes.
A place for kids / teens to hang out with their friends. Families to hang out.
Rangatahi Space.
Winter Carnival and Midsummer street party: - Matariki Festival (week long) each year, attracting visitors from wider region, including lights up in the trees to look lovely and various events
School pool is fabulous, mitigates the risk of children drowning in the river

Community gym.: -indoor and outdoor options, various classes and uses during the day, women only times, teen only time etc so whole community feels safe and welcomed. Consideration of this being in the top half of the Gradnstand and tie in with the earthquake strengthening and redesign of the place at the same time.
Upgrade Domain for sports already using it.: add exercise stations around the edge like at the Adventure Park in Levin and the outdoor gym equipment down near the Mavis Vinsen Pavilion.
Walkway / shared pathway (with cycles) to Mangaore
Play equipment at Hyde Park / Te Maire Park / Domain – eg: hamster wheel, spiderweb climbing frame. Water feature at Hyde Park, like a much smaller version of the Splash Pad at Jubilee Park, so something children can run through and cool down in the summer.
Pump track in Shannon: - in the Northeast corner of the playground, with a 'safety small track (like the Esplanade) in the northwest corner and a connecting path of 1k all tar sealed or concrete so good for buggies, walking, jogging, running, cycling, scooter and 1k so those wanting 5 or 10 k go around 5 or 10 times etc. School is keen for this.

Paint toilets at Hyde Park a bright colour.
Paint skate park and around Domain with marking for more active play for children: - activation stations (Sport Manawatū stencils) – the chalk bombing has been done this year for this and

22

Missing – an HDC Kai Resilience Strategy (like PNCC) and there is an OPPORTUNITY for Shannon to now become the trial location in HDC for berm gardens, with the Shannon Kai Hub leading this space and networks and resources are set up to support this to happen, just need HDC approval for this use.

Missing – drinking water fountains at the Domain (maybe one at Hyde Park?) and Te Maire Park

Missing – dedicated youth venue / space / hub for exclusive youth use, this could be incorporated into a Community Hub and youth have their own space in the venue, very much a deficit in our community with silo service provision at the Anglican Hall and Rnagatahi Ora space Mavis Vinsen Pavilion (with use of the Memorial Hall).

To change – Memorial Hall to come under community management with HDC retained ownership and support, revitalised, ideally as a Community Hub with expansion, sell library venue, use funds to relocate library in new space at the back of or side of Memorial Hall, along with other offices and services.

To improve – continue support of and partnership with community improving the Shannon Community Civil Defence Response Group, to increase resilience of community, such as portable WiFi options in community and other even smaller expenditure to increase resilience opportunities.

To improve – promotion (connection to wider reach) of the White Water Rafting Park and events, promotion of the Burttons Track, Te Araroa Trail access plus the huts in the ranges, Shannon as a destination 'Next Stop Shannon' investment into a campaign to attract visitors to stop here, whole tourism and shopping strategy, my thoughts are with the lose of the outlet retail in Ōtaki that we use the opportunity to brand Shannon as an 'outlet retail destination, we have Moana Road as a starter and other possible sites for this purpose, so people will travel some distance to visit and spend money here, boosting the local and regional economy.

To improve – location for camper vans to stop (due at Te Maire Park I believe)

To improve – events, mostly great, always improving, add a week long Matariki Festival to attract from further afield, like the Greytown Christmas season.

To improve (gets better each year) engagement with HDC processes, submissions etc, keep on partnering and working towards as much engagement as possible.

Opportunity – Marae Development Plan, we all want to rise together and as a community I hope we would be fully supportive of the Marae Development Plan.

Opportunity – HOUSING - such a crucial aspect of this feedback I think it need a strategic plan of its own, mainly affordable one and two bedroom options needed, emergency and temporary accommodation desired too , a mini retirement village. Be good if HDC could support and help with this as much as possible, knowing not owning housing but in the realm of consents and similar process matters.

Opportunity- to consider and consult the community regarding the Grandstand and earthquake strengthening, to reimage this space with a possible community gym incorporated in the future, so planning for that.

Missing / Opportunity – lack of 'bumping spaces' - to consider the 'non-core' status of the Shannon Memorial Hall and reimagine this as reclassified as 'core' with movement of those required services to

Feedback from CLD Hui - Moemoeā / hopes / dreams for community:

Town centre / Memorial Hall / Connection in community / Sports – physical well-being other / Beautification / Transport / Other- housing, environment, art, directory.

Iconic statue / photographic opportunity at Te Maire Park - to attract visitors.
A pharmacy, perhaps in partnership with another shop needed in Shannon eg: bookshop – to be viable. Great idea - would be nice to have a butcher, little hardware store.
More essential retail in town – attract a chemist.
Toilets at Te Maire Park (3) or on Plimmer Trc.
Safe play equipment across the road from the shops.
More parking spaces in town centre (x2), ready for Ō2NL.
Highway truck stop / service centre – mini mall concept.
Renovation of main street shops – to a 'destination' identity.
Road bumps, preferable outside Four Square, and gutter needs a cover – trip hazard.
A reason to stop here and space to do it.

Sports marking in Shannon Memorial Hall.
Dancing. Singing. Talent shows (x2). Parties. Community parties. Community dance. Variety music.
Movie nights (x2). Housie.
Hall use – ideas needed for more regular use eg: movie nights, talent quests, quiz nights (x2).

'Bumping Spaces' - places in community where people can connect (cheaply or free)
Multifunctional community space/ hub (venue) with rooms of varying sizes suited to different purposes.
A place for kids / teens to hang out with their friends. Families to hang out.
Rangatahi Space.

Community gym.
Upgrade Domain for sports already using it.
Walkway / shared pathway (with cycles) to Mangaore
Play equipment at Hyde Park / Te Maire Park / Domain – eg: hamster wheel, spiderweb climbing frame.
Pump track in Shannon.

Paint toilets at Hyde Park a bright colour.
Paint skate park and around Domain with marking for more active play for children.

Regular bus service to and from Levin / Palmerston North – so elderly not so isolated.
Agree, perhaps minivans including bringing teens home from Levin after school activities.

Affordable housing with all sizes of bedrooms, plus temporary accommodation.
Environmental care – clean river, aim for a litter-free town.
Weaving wanganga.
Art classes.
Town directory with all businesses and community info in it. / Welcome pack for new residents.

It isn't just passing traffic - and tourists that need to think this good

The locals need something as well.

(We live here - give us something to visit and admire.

We need inspiration.

Your feedback

What are the things you appreciate and value about Shannon?

I like living in a small town and that it's easily walkable. I appreciate that we have access to shops and some services, eg the library, mechanics, cafes, 4 square, churches + clubs. I appreciate our parks and recreation areas.

What is something that needs to be changed, could be improved or is missing from Shannon?

Upgrades need to be made to the main road shops. They look dilapidated and unwelcoming. And I'd love to see the public toilets revamped to encourage more people to stop while passing through our town and then go on to purchase from our shops. Most of all I'd love to see regular public transport between our town and Palmy, Otaki, Levin and Foxton. I live with a disabled person who is completely reliant on me for transport. How many older people or younger people have been forced to move in order to get around?

What are the opportunities for Shannon?

We could be an attractive and sort after stop for travellers on the highway, boosting our local economy. Maybe a children playground in Te Maire Park, so families can stop, get an ice cream and coffee, fish and chips and stay a while. More people stopping would encourage more retail, a wine bar, more shops + cafes.

Your feedback

What are the things you appreciate and value about Shannon?

Communitte of people are peaceful, respectful of each others property. They play sport together, & mamy socialize together. Very low crime. The best in the Horowhenua.

What is something that needs to be changed, could be improved or is missing from Shannon?

All the old shops need demolished. The Council needs to build a square shopping complex, where old shops go, close to the library. Also the old Club Hotel being removed Take out the corner of highway at the end of Club Hotel bottle neck for traffic and aligned the road from the Stout street through at the back of the current shops onto Balance St at the public toilets, or at Furnel directors Service Building. With this giving parking area to stop for a shopping centre on the western side for refreshments & dining. If need a new recreation centre, close to centre of the town for functions.

What are the opportunities for Shannon?

Anything else you would like to add?

With the council neglecting Shannon compared to the infustructure in Foxton, its time to invest for us here. Only then will this town will thrive.

Your feedback

What are the things you appreciate and value about Shannon?

KIND, Brave, strong, indomitable community spirit with profound historic loyalties that inspire and nurture sense of belonging in all new-comers. I stayed here because of that after 20 years ago I was sent in to do a special job on the Mangahao Power Scheme. I love the place and its people.

What is something that needs to be changed, could be improved or is missing from Shannon?

Like all N.Z. Rural communities now we're in dire straits with Health Services and pretty-well everything that depends on Central Govmnt will and resources. But these problems only worsen when "privatisation" is inflicted, along with ever-more soul-destroying regulations imposed to restrict/destroy community initiatives such as the growing of all-it-takes from the plants to the educated skills of Rongoā Maori e.g.

What are the opportunities for Shannon? If I was 55, not 75 now, in 20 yrs time there'd be plantations of Native medicinal plants from the hills to the coast — 96% of all those I know + have planted here LOVE this areas micro-Environ/climate. Shannon would have harvesting/processing/distribution facilities ('factory') and MASSEY UNI, just-down-the-road, would have its School of Maori Medicine and PRACTITIONERS. And WE in Shannon would have the CLINIC/'Hospital' where both trainees + grads came to hands-on employment, eventually all over Aotearoa.

Anything else you would like to add? Yo! Shannon's a true CHAMPION at Beating Odds so you can bet on it that if I WAS 55 not 75 now, all of the above would be a reality. With help from climate-change too. Warmer/wetter out on the flood plains means FLAX comes BACK with its vital BOWEL-CANCER PREVENTION ROOT-JUICE! We MUST develop and work-on

Your feedback

What are the things you appreciate and value about Shannon?

the vibrant community
our wonderful Nanyang flavours cafe/restaurant.
the friendly welcoming Maori.

What is something that needs to be changed, could be improved or is missing from Shannon?

Public transport
Doctor - permanent
mornings at the library.
Chemist shop.

What are the opportunities for Shannon?

for the Council to be more engaged with Shannon, to promote the above much more, to think outside the box for development and activities for the rangitahi.

Anything else you would like to add?

It's becoming an eye sore + fire hazard. Please mow these berms. There are people who can't/won't mow the berms - We are a mostly low socio economic community, we have to have a car to go anywhere, we don't always have the where with all to use our cars as much as we might need to.

Your feedback

What are the things you appreciate and value about Shannon?

The famlies that Support all the Sports codes in the way of Sponsorship, donations and the general running of these Clubs.

What is something that needs to be changed, could be improved or is missing from Shannon?

We need to be all one identity as we feel there has been a split in the community over the last few years. We are all New Zealanders and it needs to be kept that way. If we don't all work as one this community plan will be a waste of Time.

What are the opportunities for Shannon?

We think the idea of a community hub is an excellent venture and the Memorial Hall is a good building to get this started as it needs to be utilised more.

Anything else you would like to add?

It would be good if Shannon residents and wider community support all the local businesses to keep the town viable.

Your feedback

What are the things you appreciate and value about Shannon?

Appreciate those in our community, thou etc who do all they can for our tamariki + our town even with the limited resources we are provided here.

What is something that needs to be changed, could be improved or is missing from Shannon?

Would be great to have just more things to do here. Splash pad at playpark, more community events, more small business stores

What are the opportunities for Shannon?

We have a vast amount of empty shops in town + a town full of talented creatives which could be utilised better:

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	75+
What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	Yes

Your feedback

What are the things you appreciate and value about Shannon?	Quiet, pleasant , mostly green spaces well maintained by Council, apart from berms. Silly decision to stop Council maintenance. Good people. good community services. Great there is no pub. Good community spirit re kids activities and play areas.
What is something that needs to be changed, could be improved or is missing from Shannon?	Shops need a revival, tidy up and occupation. Has huge potential but there seem to be barriers to development. Pull the old pub down. Better public transport at better times, especially for older people. An enclosed dog park so people can feel safe taking their dogs somewhere without aggressive dogs charging fences.

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon

What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	Four Square, Small Town Vibe
What is something that needs to be changed, could be improved or is missing from Shannon?	Boy racers and people speeding in general is a problem. Also people parking on the road or berms. Also need a park for children next to Anzac park.
What are the opportunities for Shannon?	Great place for families to live and commute to work in Palmy or Levin.
Anything else you would like to add?	

What are the opportunities for Shannon?	We have all heard the commentary from the Council about berm mowing and accept that feedback from the wider Horowhenua community was that it was something that was acceptable to lose, but I think that decision needs to be accepted as the wrong one. The Shannon community looks messy and unloved. The change to mowing roads over 70kph and entrances to towns make no different to the wider feeling of the town. I have heard discussion around the need for public toilets at the northen end of the town and agree with that.
Anything else you would like to add?

What is your gender?	Male
Do you live with impairments/long-term health conditions or, do you identify as disabled?	Yes

Your feedback

What are the things you appreciate and value about Shannon?	The relative peacefullness, even the distant drone of state highway 57 and the railway line activity isnt something that is disturbing. The occiasional steam train noise is cool. As an ex Aucklander I get pleasure from telling my Auckland friends we only have 2 pedestrian crossings to negotiate. The retail owners are all very inviting. The existing facilities are great, white water kayak course, golf club etc. Love the foodtruck evenings.
What is something that needs to be changed, could be improved or is missing from Shannon?	The sight of the empty commercial properties is sad to see and it would be fantastic to see a vibrant commercial street like a greytown of the Horowhenua. Parking seems to be an issue at times and the number of large trucks that take up multiple car parks can be problematic.

Your feedback

What are the things you appreciate and value about Shannon?	Community feel, library, parks and nature
What is something that needs to be changed, could be improved or is missing from Shannon?	Need lots more work getting our rivers healthy. Need clearer more obvious signage for public toilets so many guys driving through stop at 4square then pee in the park opposite so gross. More native planting on council land including the massive berms

Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	Peace and quiet (most of the time)
What is something that needs to be changed, could be improved or is missing from Shannon?	The commercial buildings and old hotel on Plimmer Terrace could do with some paint and improvement. In return it will attract more business willing to trade in Shannon. Perhaps turn the old hotel in a business hub?
What are the opportunities for Shannon?	Because of Shannon's location (between main hubs like Levin and Palmerston North) the opportunities are endless. A bigger problem is getting local people to see and act on those opportunities. Good luck with that.

	incentives to fast track housing - including small houses walking and biking tracks in the hills that link up with Levin and Tokomaru camping and trailer park areas that enhance the walking tracks and the white water park
What are the opportunities for Shannon?	Shannon as a base for work in Levin or PN better use of the natural environment cheaper properties better use of vacant properties - incentives to develop better and enhanced use of the historical railway station
Anything else you would like to add?	We need to encourage the various community groups in Shannon to work for the whole of Shannon - all residents - and not just for their own people

Your feedback

What are the things you appreciate and value about Shannon?

Proximity to bush, mountains, Nature, peaceful walks.
Shannon School. Ability to walk safely around town.
Tireless volunteers, e.g. fire Brigade. Community pool.
Library. Local people.

What is something that needs to be changed, could be improved or is missing from Shannon?

Public toilets at the cemetery. More taps at cemetery.
Library needs to return to original hours as this caters
for all ages in the community. Community pool needs to
be open more. Park (Hyde) needs more updated play
equipment like Foxton + Foxton Beach have. Mow the berms.
Save the Memorial Hall. Exercise programmes reinstated e.g.
Flex + Balance to cater for working people.

What are the opportunities for Shannon? Make Shannon beautiful, more flowers, hanging baskets need watering.

lots of empty buildings to attract businesses
as many cars pass through our town daily.
How can we attract them to stop + spend $
promote job opportunities within our town?
Keep shannon beautiful + attractive. Upkeep garden plantings.
Best Kept Street. competition.

Anything else you would like to add?

Shannon always gets a raw deal compared to the
rest of Horowhenua. We pay expensive rates without the
benefits of other rate payers in our district. Why is this?

Your feedback

What are the things you appreciate and value about Shannon?

Great sense of community, great location, nice green spaces

What is something that needs to be changed, could be improved or is missing from Shannon?

Parking on main highway, more toilets desperately needed opposite Streetwise. Campground and better callouts for tourist attractions.

What are the opportunities for Shannon?

Huge opportunity with highway connections. Affordable homes, small businesses, tourist attractions all could thrive.

Anything else you would like to add?

Appreciate the work of the HDC and the effort to collaborate. We aren't an easy bunch ;)

Your feedback

What are the things you appreciate and value about Shannon?

The climate, seems to be warmer than either Levin or Palmerston North.
Its small and has friendly service.
Fantastic train service to Wellington

What is something that needs to be changed, could be improved or is missing from Shannon?

Some help, focus on tidyness of neighborhood. Wrecked cars & crap out front of houses should be sorted out or added cost to ratepayer to tidy up.

What are the opportunities for Shannon?

Bring back Top Town (1976-1990)
Provide a few cans of paint, ask for volunteers to remove graffiti.
Provide some plants for shop eves etc.

Anything else you would like to add?

Be great to have some more policing doing the circuit, every great place has some baddies!

Your feedback

What are the things you appreciate and value about Shannon?

- Smaller community - nice to know people when in shops, walking down the street.
- Good weather
- close to larger towns & cities. Also beaches, tramping etc.

What is something that needs to be changed, could be improved or is missing from Shannon?

- I would love more fitness opportunities. Maybe a gym, womens classes. Exercise equipment at the domain - outside.
- Now to school pool has solar, maybe aquacise classes?
- Bike track for kids.
- Youth space / activities.
- Housing is an issue and has been a problem for school families. Affordable (smaller) housing.

What are the opportunities for Shannon?

- I think with the cost of living increasing, it would be good to have more services for older people, as travelling to levin may not be in their budget.
- It is growing, people like living here. Good to keep attracting people to our town.

Anything else you would like to add?

Great to have this opportunity

Your feedback

What are the things you appreciate and value about Shannon?

The tight-knit community, the parks and green areas, all the trees on public/council land, the Kai Hub, the four Square, the Library (WHEN IT'S OPEN!!), the people and their loyalty to/involvement in the community

What is something that needs to be changed, could be improved or is missing from Shannon?

* We need a community hub". The Library used to fulfill this role, but the reduced hours have stopped this. How about something based around the Mem. Hall? (.. maybe the Library could make those also?)
* Better public transport links to Levin & Pkth for work & study
* PBE landlords to tidy up empty shops (art work, displays ... or lower rents to encourage local businesses!)
* More for Rangatahi - Youth space, gym, local drivers' licence scheme, better public transport

What are the opportunities for Shannon?

Shannon's strength is its people and community strength, yet I think this is overlooked by Council because we are a small & lower income area. LISTEN to us; we're amazing at solving our own problems and know what we need: community hub, jobs, public transport, locally owned businesses employing locals. Shannon can rely on its great school community, strong tangata whenua presence, and pride, but can we rely on Council to listen to us and accept that we know best what we need??

Anything else you would like to add?

Berms... they're huge in Shannon. Notice how locals are stepping up to help each other keep them down? That's what we do here.

P.S. Done in a hurry as only got forms this morning, 24th Feb. Realise now could have done on-line but no email address or website provided on form.

Your feedback

What are the things you appreciate and value about Shannon?

It's diversity
Great Community which looks after it's people.

What is something that needs to be changed, could be improved or is missing from Shannon?

Maybe a retirement village for Kaumatua, specifically designed community asset including medical chambers.
Tourism - History - Maori then European settlers,
Timber, flax + hydro electric power then farming
Could we promote our story + have examples like flax weaving, wood carving to attract tourists

What are the opportunities for Shannon?

With the new motorway coming nearby, seems an ideal town for business, shops + industry.
Could we have a small enthusiastic committee to initiate the development of some sort of tourist attraction without too much bureaucracy. promote the Power Station + whitewater course.

Anything else you would like to add?

We're a bit short on accomodation for travellers e.g tavern/motel.

Your feedback

What are the things you appreciate and value about Shannon?

I THINK OUR COUNCIL & PAUL DASEN ARE DOING A GREAT JOB THE GARDENS & LAWNS IN THE TOWN ARE LOOKING TIDY & WELL KEPT MONEY SPENT ON FOOTPATHS & PLANTING TREES KEEPS THE TOWN LOOKING TIDY. THE WORK BEING DONE IN 4 SQUARE MAKES IT A VERY GOOD SHOP TO SHOP AT & GREAT FOR A SMALL TOWN.

What is something that needs to be changed, could be improved or is missing from Shannon?

MORE BUSINESSES ADVERTISING WHAT A GREAT PLACE SHANNON IS SO PEOPLE REALIZE HOW MUCH TRAFFIC COMES THROUGH SHANNON ON A DAILY BASIS, HOPEFULLY CHEAPER RENT FOR SHOPS ETC THAN BIGGER CITIES.

What are the opportunities for Shannon?

AS ABOVE, BUSINESSES NEEDED SO WE DON'T HAVE EMPTY SHOPS.

Anything else you would like to add?

TRAFFIC SPEED OUT OF SHANNON SHOULD BE 60 UNTIL AFTER PETORIA Rd AS IT IS COMING INTO SHANNON. LOT OF STOCK TRUCKS COMING OUT OF THAT Rd & CARS COMING AROUND THAT CORNER AT 100KMH. IS JUST TOO DANGEROUS. THEIR IS ALSO A ROADING CONTRACTOR USING THIS ROAD REGULARY.

Your feedback

What are the things you appreciate and value about Shannon?

Simplicity. Small scale. Old school NZ.

What is something that needs to be changed, could be improved or is missing from Shannon?

Some streets are unsightly - overgrowth, empty lots, poorly maintained buildings. A few more shops would be good. The old hotel is looking dowdy.

What are the opportunities for Shannon?

A stop-off point for traveller - cafe, op shopping, fuel, recharging. "Slow down for Shannon"
Train services!

Your feedback

What are the things you appreciate and value about Shannon?

Great Community, diversity of the people, we tend to take care of each other. The few businesses that operate in Shannon are very supportive + willing to Sponsor the right initiatives.

What is something that needs to be changed, could be improved or is missing from Shannon?

We need a reason for people from outside our community to come to Shannon. So we need to promote what's good about our town + add more things to do and see.

What are the opportunities for Shannon?

We love our town + people as it is We just need to show other people how cool it is. We don't need the show + pretence like some of the Southern Wairarapa towns that Wellingtonian's love.

Anything else you would like to add?

Promote how Shannon has evolved into what it is today Through the history
Embracing Te Reo + our diverse cultural activities.

What are the opportunities for Shannon?	More business and services making people want to come to Shannon rather than pass through. Variety of retail. Tidy shop frontages would make the town more attractive and not give the appearance it is a dead town.
Anything else you would like to add?	Needs some good planning, would like to see Shannon re invent itself without losing its quiet pleasant, friendly character.
Attach any images or documents to include in your feedback: If you have kids, let them get creative with the activity sheet. Take a photo of their creation and upload it below.

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	45-54
What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European Māori Samoan
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	Amenities like the kids park, the picnic area opposite the local shops, the shops and cafe's, easy to get around/ park, the car EV charging meters are really handy too.
What is something that needs to be changed, could be improved or is missing from Shannon?	More pathways (this has improved in the past few years - more sidewalks installed). Pedestrian pathways need to be installed alongside the roads that cross the railway line if a proper pedestrian crossing can't be installed (which would probably be expensive and require most of the trees to be cut down which buffer the railway noise and provide greenery). Shannon needs more services like a pharmacy and more

	availability of health care, or at least, more prominent information about how to access services in Shannon. For example, I recall that the Foxton pharmacy had a prescription delivery service that came through around 2pm (daily?!) to the Shannon Four Square - but I stumbled on that information, it didn't seem to be common knowledge/ wasn't on any websites I've seen. The same for the local health clinic - I've heard about how they operate via word of mouth - it needs to be more widely available and consistent. I don't need either of these services because I can access Palmerston North without any issue, but I have elderly neighbours who need local services and who can only read noticeboards and sometimes the information is inaccurate/ outdated.
What are the opportunities for Shannon?	Because of its location, Shannon could be a distribution hub in future, and with fibre broadband now installed, could offer flexi working spaces/ cafes. With (relatively) cheaper housing, perhaps a childcare facility will open up (daycare, before/after school) - I think people may opt to buy here, but will travel to Palmerston North/ Levin/ Wellington for work. Public transport is a gnarly issue but it would be great if there were more services between Shannon and Palmerston North/ Levin/ Wellington - not just for workers, but unless more services set up in Shannon, then for access to health care etc.
Anything else you would like to add?	I don't know that the local community has much power to influence what may happen in terms of the State Highway that runs through Shannon but I think it is something to keep an eye on for the future - traffic through Shannon brings lots of people who stop and enjoy the local 4 Square/ cafes/ coffee cart and who can relax in the picnic area etc. Depending on how much traffic the new highway (that diverts around Levin) diverts from Shannon, it's hard to see how the current highway can keep sustaining heavy traffic around that 90 degree bend in town.

What is your ethnicity? You may tick multiple boxes if applicable	Māori
What is your gender?	Male
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	The amazing volunteers in all areas that help make Shannon an amazing community.
What is something that needs to be changed, could be improved or is missing from Shannon?	With the recent berm scenario, it's come time my attention that we need curbing and the roads widened to lessen the capacity of the berms that require mowing. It will also help to capture the rain water. Especially if you compare Shannon to Levin and Foxton and how much more tidy those towns look. Shannon would highly benefit from a footpath to Mangaore; even limestone like Queen street east out to Trig.
What are the opportunities for Shannon?	Shannon needs a full-time Police officer. Definitely more speed bumps to

	slow down cars that continually race at high speeds around town: East rd (speeding cars from Mangaore), Grey street, Eastern end of Ballance street, Stafford Street, Clapham street and Stout street. Pretty much any street that will prevent cars from speeding.
Anything else you would like to add?

Your feedback

What are the things you appreciate and value about Shannon?	The mostly friendly people. And shops here, would love to see it grow.
What is something that needs to be changed, could be improved or is missing from Shannon?	A fortnightly late night at the library would be helpful. If not going to mow berms, how about reducing them to be more manageable? Could be off road parking? Train to palmy? Buses to palmy for students (particularly) who want to study there. It's such a barrier for further education.
What are the opportunities for Shannon?	The influx of new people will hopefully open the way to new businesses here.

Your feedback

What are the things you appreciate and value about Shannon?	The community and how they come together to drive for better. The community hold the residents to account to make sure we are looking after our little town.
What is something that needs to be changed, could be improved or is missing from Shannon?	Mowing of the berms - the size of these berms are bigger than a normal sized berm. Maintenance of the kerb and channel. There is a lot of build up found in the channels which often causes flooding on the footpaths. Weed control. The weeds are out of control.

	Street lights not working or not replaced. Broken footpaths around the town - footpath upgrades taking place. Tactiles installed in some places and make no sense as not connected to the other side.
What are the opportunities for Shannon?	Improving the netball court surface. When mākū it is a major safety risk and prevents the use of the facilities. Considering that netball is played during the winter season, it is imperative that these facilities can facilitate the community. Also access all year round encourages the community to maintain their health and fitness goals.

What are the things you appreciate and value about Shannon?	Shannon is very centrically located which makes it easy to travel Shops being accessible, including the supermarket, cafe, craft and second hand shops, The Library Small community
What is something that needs to be changed, could be improved or is missing from Shannon?	Shannon used to look very groomed, grass wise, but that has now changed and in areas it looks very tacky. The shop fronts could do with an overhaul The Shannon Library should have it's opening hours restored

What are the opportunities for Shannon?	Shannon is a throughfare for transport and I believe a 24/7 truck stop should be added to Shannon before the motorway comes to the north of levin

Your feedback

What are the things you appreciate and value about Shannon?	Everything is within walking distance
What is something that needs to be changed, could be improved or is missing from Shannon?	It's a known issue, but there's all the berms still in need of mowing. If I remember correctly, the council will be mowing the more important berms, but that still leaves other berms with overgrown grass
What are the opportunities for Shannon?	From personal experience, opportunities are hard to come by, but the "theme" here is agriculture, retail, self-employment, and living in proximity of Levin, Foxton, and Palmerston North for employment in

	those areas.
Anything else you would like to add?	Nothing of note.

What is your ethnicity? You may tick multiple boxes if applicable	Māori
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	I value that Ngāti Whakatere is Mana Whenua in the Miranui Ward. I value that we have a voice to be heard and that it's not represented by another ward or township. I value my hapū, my marae, my whānau, and having good relationships within my hapū & whānau and the residents in the Shannon community along with the wider communities. I value our environment and township I live in. I value our School and the decision making we make as B.O.T members that benefits our kura, staff and especially the tamariki. I value and love teamwork that benefits all who are involved for my hapū, the community, even though there are many community groups trying to

	acheive and accomplish the same aspirations for the community. I appreciate our partnership in teamwork alongside or at times negoiating with the Horowhenua District Council in different projects, community events, workshops and other activities. Needing improvements from both parties. I value and appreciate the partnership and friendship with HDC staff members/navigators/ delegates representing the different spaces each works in. Room for improvement. I value, appreciate and am grateful for the spaces we have to be able to hold community events. However when wanting to hold on a private roading adjacent to any part of a Highway roading. It's very costly. I appreciate that Shannon has been given the opportunity to be developed I will value the changes that will come due to being active on the Shannon Community Development Plan "Workgroup".
What is something that needs to be changed, could be improved or is missing from Shannon?	Need to have - A pathway from the fork streets - Stafford str, East str, Clapham str to Mangahao - This will bring wider communities and the possibility of tourism into Shannon. Pathway will provide Health & Wellbeing benefits and other activities. i.e Triathlon Need to widen the gateway, on the left hand side of the grandstand. This will allow for trucks to enter onto the Shannon Domain with ease. This is due to annual events being held on the domain. Need clear signage for the usage of the space opposite the Mangaore Hall for camper vans / free camping. Need to upgrade pathways in front of businesses - face of main street in Shannon needs to change Urgently needing space for truck stop, parking - Council could purchase land sites on lefthand side on the corner of Grey str and Plimmer Terrace, the property next to it including the empty land site next to that. All land properties are on Plimmer Terrace. Create a horse shoe bend for trucks stop parking. Council could consider to invest in a desiel truck stop as a business ownership for the truck stop. Council could improved the look of the community businesses by providing or assisting with supplying paint and the community paint the exterior of shops Need good clear toilet signage Due to upgrade on Te Maire Park there will be a need for extra toilets Improve using Moynihan Park for housing (2 bedroom units) as Park is not being utelised enough. Podlife units, Prefabs units. Need more activities in Hydes Park Need shading for Hydes Park due to trees being felled. Only shelter is the BBQ area which is not big enough for whānau. Need a space for animal lovers. An exercise park. Need to turn Shannon Memorial Hall into a multi purpose and multi cultural community hub with a history arcade of Ngāti Whakatere and the pioneers. Still need a hall for functions, activities, celebrations
What are the opportunities for Shannon?	Tourism - River rafting or tubing/floating down the Mangaore Stream with certified guides to the mouth of Manawatu River & Tokomaru River enjoins. Housing - Utilize Moynihan Park for housing. Build 2 bedroom units For Shannon to have the opportunites to be developed into a tourism space adding to what's already here. Inclusive Mangaore Village.

Anything else you would like to add?	Needing to attract wider communities, motorists to visit and stop in Shannon.

What are the things you appreciate and value about Shannon?	It's a fantastic place to live with a great sense of community. It offers a solid foundation for anyone who chooses to live here.
What is something that needs to be changed, could be improved or is missing from Shannon?	We need a pharmacy, that would really help our community. We desperately need local transport options. There is no reliable transport if you do not have a car.
What are the opportunities for Shannon?	O2NL will open up more travel and live options. It will also bring enhanced opportunities for our local businesses.
Anything else you would like to add?	I feel that HDC do a great job with the budgets they have.

Do you live with impairments/long-term health conditions or, do you identify as disabled?	Prefer not to answer

Your feedback

What are the things you appreciate and value about Shannon?	I could only afford to buy in Shannon back 2019 and you hear rumours (not so good ones about Shannon) Obviously it USED to have a bad rep back in the day. But for me and my kids we have had a different experience here. We have made some forever friends and as a Christian we have found many other Christians here. I have 4 out of 5 good neighbours and we all look out for each other. The shops are always buzzing busy with people stopping in Shannon as a great place to enjoy. The community togetherness is Beautiful here. The Maori culture is nice too. My kids got to learn some basics at Shannon school just like how I done are a similar culture belonging school.

	Shannon School is absolutely brilliant!
What is something that needs to be changed, could be improved or is missing from Shannon?	The Playground needs attention! It's so boring!!!! That new caterpillar ride is so ugly and falling to bits already. It hardly moves that caterpillar. The rest is so old and manky! My grandson age 3 can't use most of the things there. I think a huge new Playground or at least a bigger one would attract many more guests to the area and the locals would better be able to enjoy the space. Have it sign posted so people can find it.
What are the opportunities for Shannon?	I would like to see a new library and youth space combined for the community. Like the Stokes Valley one. Stokes Valley is just as small if not smaller and they have a beautiful new library youth space. It would attract more people to Shannon and we want that. Bigger growth, new builds. With the right kind of people moving here.
Anything else you would like to add?	[redacted] Loads of stolen cars or cars with not rego plates, driving with no bonnet on one car. Doing well over the speed limit. Kids are out for holidays and it's a risk.

Your feedback

What are the things you appreciate and value about Shannon?	The community and quiet streets
What is something that needs to be changed, could be improved or is missing from Shannon?	We need an improved playground levin is a long way to drive to play at the park the current playground is dated and does not cater for all ages the land at the current park has plenty of space for an updated park in ground trampoline or a splash pad would be amazing
What are the opportunities for Shannon?	Hyde park

What is something that needs to be changed, could be improved or is missing from Shannon?	I'm sick of telling people where the toilets are, better signs would help. The road crossing are not safe, cars just don't stop. Someone is going to get killed. More rubbish bin in car park at railway station. Would be nice to have a small fenced off area for dogs in the main part of town, lots of people stop and do have dogs.
What are the opportunities for Shannon?	To have more business in town

Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	The community is close-knit and cares for one another. I appreciate how it is a hub for one another.
What is something that needs to be changed, could be improved or is missing from Shannon?	The local community netball court needs fixing, it is too slippery and unsafe in the winter for the local social team to train on, and it makes it a hazard for the kids who actively use the space regularly over the summer. You need to create a recreational hub for trainings for sport in winter and making exercise accessible all year round. The building on Vance Street needs major fixings. Significant leakings close to electrical work make a central hub for community meetings and connections unsafe for health and safety. We need to make transport

	more accessible. We have a functional train but cannot get to Palmerston North, which is crazy. I can't even catch a commuting bus to and from Palmy for mahi.
What are the opportunities for Shannon?	Daily commuter bus through Shannon to palmy for work- or even better the train. you have the space to build a train station space on both sides. Building upgrades which the community will actually use.
Anything else you would like to add?	The councillors need to connect with members of the community at logical times. Afternoons at the library are Ludacris! Most people have to go to work, and once a week, they have a community meeting at the town hall to engage with the wider community. It might even be a coffee and korero at one of the picnic tables outside streetwise. Make an effort to connect with this community. we should not be treated as an after thought.

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	65-74
What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	Small community feeling, small town. We have great residents, many with hidden talents and abilities. Shannon is resourceful town, but lacks direction.
What is something that needs to be changed, could be improved or is missing from Shannon?	We are missing some basic services, like a chemist. Would be great to see a medical clinic open, if only one day a week, with a nurse practitioner who could attend to minor issues, dress injuries, vaccinations, somewhere to seek first line advice as wait lists to get into a dr in Levin or Palmy is awful. And we need the Library open all day, not just 1/2 days.

What are the opportunities for Shannon?	Development of small businesses in Shannon, and support tourism. Attract travelling public to stop (and shop) Promote Shannon as a destination with a theme, and an identity unique to Shannon. Build opportunities for small business in the main street - make the town look attractive and people will stop. Develop a tourism plan and identity.
Anything else you would like to add?	Encourage travellers to stop overnight - free / low cost for self contained travellers. Regular local market? Make the Memorial Hall more accessible and affordable to community activities. Location of winter monthly day market?

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	35-44
What is your ethnicity? You may tick multiple boxes if applicable	Indian
What is your gender?	Male
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	The well maintained Shannon domain ground . The managaho dam The managaho power station, Moynihan park for walking or playing with dogs . The Stafford street reserve for picnics with kids . The Shannon bowling club The Shannon railway museum
What is something that needs to be changed, could be improved or is missing from Shannon?	Youth engagement providing more activities or youth-oriented programs, like after-school clubs, sports teams, or arts initiatives, could help engage younger residents and provide them with constructive outlets.

	Implementing more environmental sustainability practices, such as waste reduction programs, community gardens, or renewable energy projects, could help make Shannon more eco-friendly. Increasing access to healthcare, mental health services, or wellness programs could help improve overall community health. Supporting small businesses, creating more job opportunities, or fostering local entrepreneurship could help make Shannon more economically resilient.
What are the opportunities for Shannon?	pportunities for Shannon's Community Development Shannon Domain Ground: Host community events (sports tournaments, outdoor concerts, markets). Offer outdoor fitness classes or activities to encourage more regular use. Managaho Dam: Develop eco-tourism opportunities with walking trails, picnic areas, and recreational activities (kayaking, fishing). Introduce environmental education programs for local schools and visitors. Managaho Power Station: Explore creating an educational visitor center focused on energy production and sustainability. Moynihan Park: Enhance dog-friendly areas with agility equipment, dog-washing stations, and host "dog meet-up" events. Create walking and fitness tracks to promote regular use by locals. Stafford Street Reserve: Upgrade picnic facilities (tables, seating, shade) and improve playgrounds. Host family-friendly events (games, food stalls, entertainment). Shannon Bowling Club: Offer more community events (themed nights, live music, or tournaments). Expand usage of the space for social gatherings and local functions. Shannon Railway Museum: Promote as a tourist attraction with interactive exhibits and special events (steam train days, vintage train rides). Partner with schools for educational tours. Buckley Golf Club: Market as a regional destination with golf tournaments, junior programs, and leisure packages. Expand community events like golf days or social gatherings.
Anything else you would like to add?	Create a tourism guide or map that highlights local attractions (e.g., parks, museums, trails, events) and helps promote Shannon as a destination. Community Centers & Multi-Purpose Venues: Build or upgrade a community center that could host a variety of activities: from fitness classes and youth programs to workshops, art shows, and social events. Create spaces for different age groups (youth, seniors, families) to meet and engage in local activities.Provide incentives for small businesses or startups, such as funding for new ventures or organizing local business expos.

Create a community-based shopping or craft market that highlights local products, encouraging economic growth and tourism.
Introduce community gardens or green spaces where residents can grow their own food, learn about sustainability, and promote environmental awareness.
Develop eco-friendly infrastructure, like solar-powered lighting or rainwater collection systems in public areas.

Your feedback

What are the things you appreciate and value about Shannon?	The semi-rural feeling of the place. Friendly community (mostly).
What is something that needs to be changed, could be improved or is missing from Shannon?	Since moving here from Wellington I have missed bush walks. It would be good if there was some loop tracks or walks near the power station, and a pathway from Shannon town centre to the powerstation. It would be great if there was a dog park. A lot of people passing through use the public toilets. The toilet block needs upgrading, and/or another toilet block on the main road.
What are the opportunities for Shannon?	It would be great to make the town centre more inviting to encourage

	passers by to stop and enjoy the local cafes, shops and eateries. There is opportunity to grow business here if improved.
Anything else you would like to add?	It would be lovely to see the old Police houses gone on Julyan St. I know these are not owned by the council but the section and berms are a fire hazard and a haven for rodents. Surely a clean up of the sections at least could be discussed with Te Arawhiti or LINZ?

Your feedback

What are the things you appreciate and value about Shannon?	- Dark skies at my end of town - I don't have to leave home to take photos of stars. - Strong community spirit. - Lack of traffic congestion (not including SH57) - Quiet (usually)
What is something that needs to be changed, could be improved or is missing from Shannon?	- Roaming dogs are an issue. I drive my dogs to and from Moynihan Park and feel unsafe walking them elsewhere in town streets. - The mural on the four square looks great - more of this if suitable location found? Council sponsor paint on agreed design?

	- I understand removing the mowing of berms saved money and is unlikely to come back. But the streets now look untidy and unloved. Anything that could reverse this would be great - more plantings? Defined road edges?
What are the opportunities for Shannon?	It would be nice to see some employment opportunities in town. Could there be some way to encourage SME's to set up shop here?
Anything else you would like to add?

Your feedback

What are the things you appreciate and value about Shannon?	Being safe I know my tamariki and moko are safe walking the streets that's number 1 I have lived here most my life so whanau is important and alot live in this town
What is something that needs to be changed, could be improved or is missing from Shannon?	Our local park really needs to be ungraded for our tamariki there is a lack of sunshade for our babies if any at all my moko loves the swings and is always in the sun cos this is the only option we have. Always the amount of free space at the park could be utilized so much more for our local tamariki and their whanau to enjoy. Sunshade are always needed at the Shannon school pools the sun these days is so strong I feel that it's important to protect our tamariki. So upgrading the park and providing

	shade is important. Even a little play park down town would be awesome for our kids and people traveling threw with maybe some work our equipment would be amazing
What are the opportunities for Shannon?	opportunities for dhannon could be endless with the right support network especially for our tamariki
Anything else you would like to add?	I believe cos our town is so small we always get overlooked and I believe shannon deserves a upgrade in 2025

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	35-44
What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	Prefer not to answer

Your feedback

What are the things you appreciate and value about Shannon?	The community spirit and friendliness of locals. The strong maori culture focus. The sporting events. The school community pool. The code club and events ar the local library. Shannon kids club .
What is something that needs to be changed, could be improved or is missing from Shannon?	Shannon needs to improve the local playground. Make it bigger and turn it into a water park like what they have in levin for the kids. Make it a place for families to hang more. Better dog control. Before and after school care facilities for working parents. Better/cheaper public transport to connect shannon to levin and palmerston north for people who can't drive or afford to have a car.

What are the opportunities for Shannon?	Turning the old pub into a family friendly bar and restaurant with the opportunity to use it as a community room space as well for family groups or classes. Kind of like the wellington southern cross. Have local gigs on a Friday night with an early closing of midnight. Even running a truck stop bnb would be good as we get a lot of truckers through shannon.
Anything else you would like to add?

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	25-34
What is your ethnicity? You may tick multiple boxes if applicable	Māori
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	The people are amazing, so warm and welcoming. That has definitely been the best part of moving here is knowing our neighbour's or running into people at the 4 square
What is something that needs to be changed, could be improved or is missing from Shannon?	I think a before/after school and holiday program would be extremely helpful for working parents. I work from home so am very lucky but I do find it hard during school holidays trying to work and look after 2 kids for between 2 and 6-8 weeks and keep them entertained without compromising my work. I may be one of few, I'm unsure of the amount of people that would take up the program but it'd be great to have a poll or something to start looking into it.

What are the opportunities for Shannon?	I think Shannon has such a great vibe and community spirit that the opportunities are endless. I personally would love being able to get together with the community to further learning in Te Reo Māori, Poi , Weaving etc. Or have a Kapa Haka community group for all ages as my nearly 5 and 8 year Olds love it too. There is such a rich history here and such a great relationship with the local Iwi i think this should be nurtured.
Anything else you would like to add?	Not really

Your feedback

What are the things you appreciate and value about Shannon?	The Free community events such as Christmas Carnival, Waitangi/Puanga,
What is something that needs to be changed, could be improved or is missing from Shannon?	The main road needs speed bumps to slow down traffic as every person crosses the road to get to the four square and also by the garage it's so dangerous. Add more pedestrians Community centre and more facilities that Carter for the community to have more community events
What are the opportunities for Shannon?	The opportunity Could be limitless but the Horowhenua district council

	priory is not Shannon township, could the council be in partnership with the hapū to help keep Shannon tidy and clean??
Anything else you would like to add?	We would love more street lights and bins around town!!

What are the things you appreciate and value about Shannon?	The community but especially the events that occurs in Shannon for the community.
What is something that needs to be changed, could be improved or is missing from Shannon?	A sufficient area for kids to enjoy other sports eg, a basketball court or indoor facilities, a community centre. Centralise all public facilities for the safety of the community etc, having toilets, bbq area, park, picnic tables on the main road so that everyone can enjoy and ensure the safety of people. Speed bumps on the main road, the road has become so busy and with Shannon being one of the main towns that traffic pass through. Drivers are speeding and it's becoming more frequent.

What are the opportunities for Shannon?	There aren't many, but what specifically are you asking regarding opportunities for Shannon?
Anything else you would like to add?	The community is growing in Shannon, the economy for Shannon needs to improve aswell so that the community members can continue to contribute positively to Shannon's success. Which in turn

Your feedback

What are the things you appreciate and value about Shannon?	I appreciate and value our landscape & Taiao. I appreciate the small little groups making a change for Shannon. Our value our towns true history.
What is something that needs to be changed, could be improved or is missing from Shannon?	Oh wow there are a lot yet these are my priorities for self and my Whānau - update and add more to the empty space at Hyde Park, im the 4th generation now my girls 5th at that park and it's BORING AF! Doesn't cater for all age groups as I believe it should, toddlers like parks too! Some ideas to add/upgrade, splash pad, upgraded equipment, flying fox, BMX track , anything that Levin or Foxton/Beach parks have. - a footpath going ALL the way out to Mangaore & down Engles Rd,

similar to the one on Queen East St going out to Trig & Gladstone.
- upgrade the uneven skate park
- upgrade the surface of the netball & basketball that enable ALL seasons, as we have Netball teams that CANNOT train during the wet season (the season Netball is played) we want courts like Donnelly Park not just paint over the lines that support the slippery surface
- community garden
- mowing the berms of ALL educational facilities including the Kohanga Reo on Ballance St.
- Our local pool to be open until daylight savings has ended!!
- our library to reopen in the morning!
- put better signage for Toilets! Take away visitors confusion of it being down Stout St, Old Post Office.
- add more public toilets to the train station

We, this town are well OVERDUE for an upgrade, I moved to Australia when I was 9 lived there 21st years to come back and all that I mention above HASNT CHANGED, yet in the short time I've been home, both Levin & Foxton have had MAJOR upgrades, including but not limited too Donnelly Park, Donald Duck Park, Foxton Loop, Foxton Pools.

What are the opportunities for Shannon?

What does this question even actually mean?

Opportunities like….
- connecting people to their Taiao, free space to benefit residents
- community groups: walking/running groups, mums & buns, Maara kai/food sovereignty
- healthy, happy families
- parents supporting their children in their chosen sport/firness/goals
- parents being role models for their kids by watching them train or play sport in town
- having the same resources in this town like other in Nua; all season pool = swimming lessons,
- inter personal growth
- stronger community

Anything else you would like to add?

We, this town are well OVERDUE for an upgrade, I moved to Australia when I was 9 lived there 21years to come back and all that I mention above HASNT CHANGED, yet in the short time I've been home, both Levin & Foxton have had MAJOR upgrades, including but not limited too Donnelly Park, Donald Duck Park, Foxton Loop, Foxton Pools.

Lesssgoooo Hanana!

What are the things you appreciate and value about Shannon?	THE PLAY PARK, THE PARK NEEDS A LOT MORE! IT REALLY NEEDS SUN SHADES. I TAKE MY SON THERE AND HE doesn't last very long because the heat and the bay swings right in the sun
What is something that needs to be changed, could be improved or is missing from Shannon?	the playground needs alot done to it, my sons two and he loves the swing but can rearly go on it because the heat and it being directly in the sun with no shade at all. there's nothing for baby / toddlers to play with it's very boring and unsafe
What are the opportunities for Shannon?	it could be so much better if we added more to our playground and just kept it tidy

Anything else you would like to add? PLEASE FIX THE PARK

What are the opportunities for Shannon?	Shannon has great potential for growth as we have a lot of traffic passing through, we should take that opportunity to make Shannon a destination

not just somewhere you grab a drink on the way through.
We have plenty of locals who could be in jobs if there were more businesses in the area.
Housing developments

About you

Answering the following questions helps us to understand what part of the community is providing feedback.

How long do you spend in Shannon in one year?	Permanent resident
Which of the following best describes your connection to Shannon?	I live in Shannon
What is your age range?	55-64
What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European Māori
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	Yes

Your feedback

What are the things you appreciate and value about Shannon?	Community events, the great community spirit. Community support.
What is something that needs to be changed, could be improved or is missing from Shannon?	1.As a weaver we would like to see a muka pa harakeke closer to town and some kind of bush walk area to access and grow keikei and dying resources. This bush walk area could also be used as an exercise area for walks or hiking. But would incorporate pathways like papepaetaonga out the other side of Levin. 2 Toi installations something that represents the wildlife and maybe the history of the town.
What are the opportunities for Shannon?	1.The Pa harakeke would give our quite large roopu of weavers better access to resources for weaving and we also run a few wanganga each

	year for anyone who wants to attend and learn. 2.The bush walk would be useful to the community for walks to watch birds and get exercise. 3 Toi installations would make Shannon more attractive to visitors and locals and could be based on a local theme wildlife, the dam, the flax mills,history of the town.
Anything else you would like to add?	The footpaths in Shannon are mainly only on one side of the streets which makes it difficult for people who have disabilities or are aged to get around the town easily I my self have lower back injuries and walking on the uneven lawn sides causes me considerable pain and while i can cross the road I think having basic footpaths on both sides of the streets should be a standard. If you own a property in the township and pay rates.

What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	No

Your feedback

What are the things you appreciate and value about Shannon?	I love the community nature of Shannon, everyone is very connected and there its lots of face to face. Everyone speaks to each other, works togeather and checks on each other. There is a real 'mate-ship' spirit in Shannon where the community is keen to get in and help each other.
What is something that needs to be changed, could be improved or is missing from Shannon?	Shannon has a few assets that need central government funding to bring up to speed. The grandstand and rugby clubhouse are great central areas where the community regularly hosts events. These events bring not only the community togeather, they also bring tourisim to the Horowhenua area benifiting everyone. An updated grandstand and clubhouse would further the ability for the community to be able to

	continue this practice and improve tourisim and community wellbeing. This is something Sport New Zealand should also be interested in considering SRC's long standing (over 125 year). Additionally, the school is a central hub for the area and also a perfect area for civil defence response. While the community is working hard to build a civil defense plan, further investment into suring up the school and equiping both it and the rugby club with things like solar pannels to allow for emergency power generation/storage, water tanks for water storage and access in evergencies etc would create more resiliance that will allow Shannon to help itself and also make it a valuable asset in a large scale civil defence responce in being able to support efforts from Levin.
What are the opportunities for Shannon?	Increase tourisim - investment in the main street, working to full shop fronts (negotiating with land lords to incentivise leaseing shops for reasonable rates - this could be penalties for empty commercial properties), increased parking on the main street, upgrading the toilets, investment in walking tracks around Shannon. Promoting Shannons embracing of multi dwelling living (the tiny home town?), promoting Shannon embracing food forests, eco school etc, hydropower etc.
Anything else you would like to add?	I understand there is funding constraints from council, however I believe there is a Responsibility from central government in relation to earthquake damaged buildings that impact the communities ability to prosper (shop fronts/grandstand).

Your feedback

What are the things you appreciate and value about Shannon?	The quiet and easy going life that you can have in Shannon
What is something that needs to be changed, could be improved or is missing from Shannon?	A water park like in Levin at the Donald Duck park at Hyde Park in Grey Street. A number of things have been removed and the park is smaller now with less equipment. A range of exercise things placed around Hyde Park or the Shannon Domain for people to use. More things for people to enjoy so that they can get out and about. Clear signage on where the dog park is as people use the Domain which is ok if they pick up the animal droppings but if they don't then this is an

	issue for sports Upgrade of the Domain Grandstand this is an icon and would be utilised more by those Clubs both within the community (athletics, rugby, touch, car show) and those outside who use our Domain (pink ladies V8 cars)
What are the opportunities for Shannon?	Healthier, happier people within our community

Something That Needs to Be Changed, Improved, or Is Missing from Shannon:

One area that urgently needs to be addressed in Shannon is the condition of our local netball courts and multi-sport facility. As someone who has coached and played netball for over 25 years, I can say without a doubt that the current courts are not only inadequate but also pose a safety risk. In their current state, these courts are hazardous, particularly in the winter months, due to poor drainage and a lack of grip. Even the smallest amount of dew makes the courts extremely slippery, and this has resulted in injuries over the years.

The current state of the courts is a significant barrier to both netball and other sports in Shannon. I have led initiatives to improve the facilities, including the installation of full-sized basketball hoops on the netball/tennis courts. This has been a successful addition, with the hoops well-utilized during the summer months. However, during wet or cold weather, the courts become dangerous to use, not only for netball players but also for anyone engaging in physical activity. The surface is uneven, and despite ongoing discussions with community leaders and Parks and Recreation, no lasting solution has been implemented. In fact, the situation has only worsened.

Each year, I contact the council to request basic maintenance, such as water blasting to remove the mould that accumulates on the surface. Unfortunately, these issues continue to go unresolved, and as a result, the courts are increasingly underutilized due to safety concerns. What was once a bustling space for our community is now a neglected area, and it is clear that Shannon has been left behind in terms of investment in quality sports facilities compared to other areas in Horowhenua.

If Shannon had better-quality, safe courts, we would have the opportunity to host sporting events, bringing the community together in ways that aren't possible right now. These courts could also be used for health and wellbeing activities such as fitness sessions, running, or even group exercise classes. A well-maintained, safe facility would provide a space for our rangatahi (youth) and the wider community to engage in physical activity, improve their fitness, and foster a sense of belonging.

In light of the Horowhenua District Council's strategic focus on community wellbeing and infrastructure development, I urge the Council to prioritize the upgrade of the netball courts in Shannon. This initiative would not only enhance the safety and usability of the facility but also align with the Council's commitment to fostering a "safe, vibrant, inclusive, and connected community." By improving these facilities, we can provide a space that supports "health and wellbeing" and strengthens the "sense of place and belonging" for all residents.

Additionally, aligning this project with the objectives of the Shannon Community Plan, which emphasizes "shaping Shannon's future together," would demonstrate a collaborative approach to community development. Improving the courts would directly

contribute to these goals by enhancing local infrastructure and fostering community involvement.

It is critical that we address the condition of the netball courts and multi-sport facility. An upgrade, including improved drainage, resurfacing, and regular maintenance, would ensure that our local athletes, including our rangatahi, have access to safe and quality facilities that support their growth and participation in sports, regardless of weather conditions. Investing in these facilities would also open the door to many community-driven health and wellbeing initiatives, enhancing the overall vitality of Shannon.

Your feedback

What are the things you appreciate and value about Shannon?	How Iwi led Hānana is! Having the Iwi 100% support every aspect that there is to Hānana is uplifting for the whānau who do not whakapapa to this whenua, it is uplifting for the wairua of this land and it brings a tremendous amount of strength, compassion and loyalty to every matter of Hānana. I appreciate the small community! It is safe for my tamariki to explore and play.
What is something that needs to be changed, could be improved or is missing from Shannon?	I urge the council to speak to the Iwi about closing off the roads past the power station and having the Iwi in charge of who can have access. Past the power station is a vital food source area, to us who whakapapa to this whenua. Because of the over flow of tourists, hikers and lowlifes who go up there to consume alcohol and drive like nutters the wildlife has

	massively decreased. This is a huge loss and dent in our lives as generational kai gatherers as well as a massive effect on who we are as Māori. People who do not live here are mistreating this area massively and it is us as tangata whenua who are left with the loss.
What are the opportunities for Shannon?	There are huge opportunities for a water park to be added to the local park.
Anything else you would like to add?

What are the things you appreciate and value about Shannon?	It's closeness to the river and Tararuas. Having the capital connection do through is convenient. Friendly people, potential for retail growth.
What is something that needs to be changed, could be improved or is missing from Shannon?	Get waka Kotahi to sort the extremely high unsafe guttering on SH1 this conversation has been going on for a number of years and nothing happens. Promote and market the white water rafting and work with owners of the closed hotel to create accomodation to house visitors using the water park.

What are the opportunities for Shannon?	Omg there are many, lifestyle, business, promote what's there and support the growth of future events. And promote and help with current events, HDC Community development had an incredible relationship with Shannon, what happened? Where are they? Utilise this community's passion for the very best outcomes.
Anything else you would like to add?	Work with shop owners to tidy up, promote and rent their stores instead of them being empty, dirty looking and expecting ridiculous rentals!!

Your feedback

What are the things you appreciate and value about Shannon?	Shannon has a long history as a tight knit community, and the Shannon Rugby Club has played a large part in that history for the last 125 years. Shannon is the epitome of what small town community should be with community members supporting each other and consistently pitching in to help each other out.
What is something that needs to be changed, could be improved or is missing from Shannon?	The Shannon Domain is one of the central landmarks of Shannon and is utilised both for sporting, community wellbeing and large-scale events. This area hosts not only seniors rugby, but also our future generations of rugby players, athletics champions, community health days, car shows and more. Not having at the bare minimum, a safe grand stand, limits the

way in which the community can invest in this space. The works required to remedy this is far beyond community reach, and we believe that local council should call on central government to work together to bring this historic landmark back to its former glory. Additionally, investment in resilience for the club is future proofing if the Domain is to be used in a civil defence response as a staging area. This can look like water storage, solar panels, lighting upgrades etc. These would not only benefit the community, but create an added security for the unforeseen.

What are the opportunities for Shannon?

Shannon has a lot to offer, and brings travellers from the Wellington, Horowhenua and Manawatu region, investment in the core infrastructure would increase this tourism which would benefit the region as a whole. In addition, Shannon is perfectly positioned as an additional support to large scale emergency response as it has high ground and good access.

What is your ethnicity? You may tick multiple boxes if applicable	New Zealand European Māori
What is your gender?	Female
Do you live with impairments/long-term health conditions or, do you identify as disabled?	Prefer not to answer

Your feedback

What are the things you appreciate and value about Shannon?	It's a pretty little town. There seems to be a core group of people who are passionate about the community.
What is something that needs to be changed, could be improved or is missing from Shannon?	The economic times have had an impact on retail and hospitality spaces. It would be nice to have some more retail options. Oosh la la and the interiors guys were a destination stop for passers through. The cafes are really average serving same old stuff for the as long as I can remember. The 4 square are really upping their game.
What are the opportunities for Shannon?	Future growth when it becomes the first town on SH57 off the expressway from Wellington.

Anything else you would like to add?	The decision by Council not to mow the berms has definitely created a forlorn look. The way it was taken care of previously kept it a really lovely little town.
